Dear Mr. and Mrs. Burns,

Congratulations on the 50<sup>th</sup> anniversary of Burns & Ellis Realtors! This is a tremendous milestone for your family's business and you should be proud of your many contributions to the residents of Dover over the last five decades.

Fifty years ago, Walter Ellis and Fran Lore opened your real estate company, guided by the same core values that still influence Burns & Ellis Realtors today. Among these values are loyalty to your customers and a commitment to community, honesty and integrity. For half a century, you have helped many families throughout the Dover area achieve their dream of purchasing their own home, because you have always understood how important owning a home can be to achieving a good quality of life. This is evident through your continued success and strong base of loyal customers over so many years. As Delaware's lone member of the U.S. House of Representatives, I am grateful for your dedication to the community and I'm proud to join in recognizing this special anniversary.

Once again, congratulations on the 50<sup>th</sup> anniversary of Burns & Ellis Realtors, and thank you for all that you do for Dover and Delaware's business community. I wish you all the best for the future.

Sincerely,

John C. Carney, Jr.  
United States Representative
